

Non Profit and Governmental Services Group

Background

In 1987, Morison Cogen LLP formalized its long history of specialized services to nonprofits through the development of our Nonprofit & Governmental Services Group (NGSG). Our commitment to nonprofits is reflected in the underwriting seminars and the Speakers Bureau, as well as our discounted billing rates. Additionally, our partners and staff commit a substantial amount of time to nonprofits in the area by serving on boards, raising funds and volunteering.

Over the years, NGSG has assisted hundreds of nonprofit organizations and ranks as one of the largest CPA practices in the Delaware Valley dedicated to researching and serving the needs of nonprofits. Currently, we are performing approximately thirty nonprofit audits per year.

Our NGSG team has extensive knowledge about the nonprofit sector. We are qualified to assist an organization with its financial, operational and managerial requirements. We have a reputation for unparalleled client service with personalized attention.

NGSG specializes in financial and compliance auditing services to meet the needs of a large number of nonprofits. Because of our expertise in various grant and government reporting requirements, our clients include many organizations that are recipients of various types of government and foundation grants.
